- Please inform us of your summer holidays by either recording holiday dates on the family app or sending in an email.
- Please provide your child with a named sunhat. We will apply nursery sun cream unless you advise us to the contrary.

Our Curriculum

We have enjoyed spending lots of time in the garden this month exploring a variety of activities in the lovely weather. From being builders, to gardeners, to bug hunters, splashing in the water and building those all-important gross motor skills in climbing.

Our Curriculum

Learning through play

Experimenting with new concepts and ideas

Extending motor skills

Enhancing concentration

Promoting our imagination

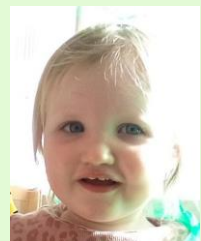

Happy Birthday to the children celebrating in July!

Thank you to all the families that contributed to our recent survey. We have shared your comments with the team; the positive responses reflected their hard work and dedication to the children.

...staff are very knowledgeable and caring towards the children...

...my son is thriving...

...our son is developing new skills from the independence encouraged at nursery...

...he has really gained confidence with all of the support and care from nursery ...

...she is well looked after and is progressing at an excellent rate in all areas of learning...

"I like Inderjit's garden!"
(4-year-old)

We received some really useful feedback, which as a team we are working through...

Update the app more often with more detail.

We endeavour to log information in a timely manner; our priority is ensuring children are content, settled and engaged. If you require more information (e.g. if you need specific updates on meals, sleep or nappy changes), please speak to your child's Key Person.

Termly reviews- more detail

We are not required to provide formal written termly reviews, however we do use the app to inform you if your child is making progress or if they require some support. Your child's Key Person is happy to discuss your child's learning and development with you. We work in partnership with families and outside agencies; we provide more detailed Individual Learning Plans and targets if a child needs support in any areas of development.

I am unaware of the 'Golden Rules'

We have produced a 'quick guide' to our Promoting Positive Behaviour Policy which will be circulated to families.

More family events at nursery (as per pre-COVID times)

Watch this space!

More outdoors time

We try to spend as much time outside as possible. In extremely hot weather we need to consider if it is safe for the children to be outdoors.

...they are very good at informing us about the development of our children and give us extra information if we require it ...

...the staff build such close relationships with the children that sometimes they don't want to leave at the end of the day!...

...being outside is her favourite and she gets the chance to do this every time she comes in...

...brilliant nursery, with caring, supportive staff...

"It's great!"
(3-year-old)

Accident and Incident Reports

If your child has an accident at nursery, we will log this on the FAMLY APP.

You will be asked to acknowledge this:

When a member of staff logs an accident or incident involving your child, you will receive a notification (as shown below).

On opening the report, you will be able to see:

- The nature of the incident or accident (what happened)
- The location it took place (where within the setting)
- Whether any first aid was necessary and by whom it was administered
- Who else was present when the accident or incident happened
- Any other relevant details
- A body map with a dot to show the exact location of any injury (*on accident forms only*)

You are required to click on **Acknowledge Accident/Incident** to let the nursery know that you have seen it. These reports will be stored under the Safeguarding tab of your child's profile.
